Re: Call Sign: E900003  
File No. SES-ASG-20070817-01145

Dear Mr. Ahmad:

On August 17, 2007, Satview Broadband Ltd. filed by paper the above-captioned application to assign an earth station license. For the reason discussed below, we dismiss the application as defective, without prejudice to refiling.<sup>1</sup>

Section 25.112 of the Commission's rules, 47 C.F.R. § 25.112, requires the Commission to return, as unacceptable for filing, any earth station application that is not substantially complete, contains internal inconsistencies, or does not substantially comply with the Commission's rules. Satview Broadband Ltd.'s application does not comply with the Commission's rules, rendering it unacceptable and subject to dismissal. The deficiency is as follows:

Pursuant to Section 25.119(c) of the Commission's rules, 47 C.F.R. § 25.119(c), assignment of license must be filed electronically through the International Bureau Filing system using Form 312, including Schedule A. Satview Broadband Ltd. did not submit its application electronically.

Consequently, we dismiss Satview Broadband Ltd.'s application without prejudice to refiling. In preparing any application to be refiled, Satview Broadband Ltd. may wish to refer to the International Bureau Filing System (IBFS) website at [www.fcc.gov/ibfs](http://www.fcc.gov/ibfs). If you need any technical assistance with IBFS, please contact the IBFS help desk at 202-418-2222.

Sincerely,

Scott A. Kotler  
Chief, Systems Analysis Branch  
Satellite Division  
International Bureau
